RECESSED DRINK HOLDERS

Install almost anywhere. Table, counter top, dashboard, seat-back, etc. Ship's galley, R.V., car, pick-up, or camper. Perfect for keeping the galley organized. There is a generous cavity under the flange for caulking, allowing installation without fasteners, and stand-offs on the bottom to help prevent condensation build-up and keep containers from sticking. Four generous holes allow drainage at different angles. Beckson's Drain Spigot Drink Holder allows routing by hose of rainwater, spray and spills past moisture sensitive electronics or dry storage. Beckson Super Size and Drain Spigot Drink Holders will hold 1 liter bottles and cans with foam insulating rings, as well as soda and beverage cans or glasses alone.
